Our Philosophy on Retirement

The Kuza Experience demonstrates our Customer Centricity

Kuza ASSET MANAGEMENT

What makes the Kuza Segregated Pension Mandate a great choice?

The Kuza Segregated Pension Mandate stands out for a couple of reasons. First off, We are registered with both the RBA and CMA as an Investment Manager for Registered Retirement Schemes, ensuring a solid regulatory foundation. This speaks to our commitment to compliance and accountability.

Moreover, we give the promise of fiducial peace through unmatched investment strategies and superior returns. Whether you want a focused, asset-specific mandate or prefer to hand over the reins for the entire investment function of your fund, we are well-equipped to handle both scenarios.

Kuza Segregated Pension Mandate

Kuza Asset Management Ltd is a Registered Fund Manager with both RBA and CMA

RBA
Retirement Benefits Authority
Safeguarding your retirement benefits.

Expertise in Segregated Mandates

Our license allows us to be appointed as Fund Managers for retirement Benefit Schemes in Kenya. Our aggregated experience of over 100 years of managing segregated mandates including pension schemes will deliver value to your fund.

Expertise in Fixed Income Mandates

We have a unique strategy of managing actively traded fixed income portfolios and this sets us apart from other fund managers who invest passively in fixed income opportunities. Our bold approach has enabled us to evade the negative impacts of rising interest rates for portfolios with legacy bonds.

Expertise in Offshore Investment Mandates

We also have a unique strategy of exploring and mining value in offshore opportunities where other fund managers shy away and end up getting stuck with traditional assets. We are also exploring a vast array of alternative investments for more value addition.
